Brand *Essence*

Still & Golden exists to capture the moments families will want to return to forever. The name says it all — still (quiet, unhurried, present) and golden (precious, warm, fleeting). Every word we write should reflect that.

BRAND PERSONALITY

Warm	Write like you're talking to a friend, not a customer
Calm	Never salesy, never urgent, never pushy
Genuine	Personal stories over polished marketing speak
Quietly confident	Let the work speak — don't oversell
Emotionally aware	Acknowledge how big these moments are for families

KEY MESSAGES

- 1

Newborn sessions are time-sensitive — best between 5–14 days old. Book early.
- 2

Sessions are relaxed and led by your family — no stiff posing, no pressure.
- 3

These moments go fast — photographs are how you hold onto them.
- 4

Still & Golden is personal — Deep is a dad himself and understands what these photos mean.

INSTAGRAM CAPTIONS

- Lead with emotion or observation, not information
- Short sentences. White space. Let the image breathe.
- End with a soft call to action — never a hard sell
- One or two emojis max, used intentionally (💕 ✨ are on-brand)
- Hashtags at the bottom, not in the caption body

CAPTION FORMULA

Emotional hook → brief observation → what this means → soft CTA

WEBSITE COPY

- Conversational but refined — like a warm, articulate human wrote it
- Second person ("you", "your family") to speak directly to the reader
- Avoid photography jargon
- Focus on the feeling, not the technical process

EMAIL / ENQUIRY RESPONSES

- Friendly and personal — use the client's name
- Respond warmly to their specific situation (due date, family details)
- Keep it concise — busy new parents don't have time to read essays

STORIES / BEHIND THE SCENES

- More casual and unfiltered than feed posts
- Can use humour, especially around the realities of newborn/family life
- Great place to show process, setup, or personal moments

WHAT WE NEVER DO

- ✗ Run discount promotions or "limited time offers"
- ✗ Post low-quality or heavily filtered images
- ✗ Write captions that are longer than they need to be
- ✗ Use stock imagery or generic graphics
- ✗ Compare ourselves to other photographers

THE STILL & GOLDEN TEST

Is this warm? Is this honest? Does it sound like a real person who genuinely cares about families?

If yes — post it. If not — rewrite it.
